

Hello, my name is Heather Treusch and I am honored at the chance to be considered for the Secretary board position. Our daughter, Emily, will be a Sophomore in Fall 2022 and her first year in the Legend Marching Band has been so exciting and a memorable experience. Being a member of the Legendary Pit Crew this past season was so rewarding and also provided a great opportunity to get acquainted with other band parents. It drives me to be more involved within the band community. In my off time from being a band Mom I am running my real estate business and my husband, Nate, and I are attending our other two children's activities.

Coming from a band background, I am a third generation clarinet player and played in a band all through my middle and high school years. I was first chair in the district Honor band my 8th grade year. I continued on to be Drum Major of my High School marching band my Junior and Senior years from 2002-2004. In 2004 I received the Semper Fidelis Award for Musical Excellence. I am thrilled that I can now be a part of another Marching Band family as a band mom and hopefully a board member of this wonderful music program. I thank you for your time and consideration for this important board position.
